CALL FOR ABSTRACTS

Memorial Symposium for Prof. Fei-Bin Hsiao
November 10, 2014
E-DA World, Kaohsiung, Taiwan

Dear Fei-Bin's friends,

We sincerely invite submission of abstracts for oral presentations at Memorial Symposium for Prof. Fei-Bin Hsiao, organized by an alliance of Prof. Hsiao's friends worldwide, in conjunction of IEEE Nanomed 2014. **The call for abstracts will close on June 15, 2014. No full papers are required.**

This Memorial Symposium is a good opportunity for Fei-Bin's friends to present their research or proposed research to a friendly audience. This year we will feature three topics that Fei-Bin's had been focusing on in his academic career, including nanotechnology, microsystem technology and aerodynamics. Each talk will be 20-min presentations.

In honor of Fei-Bin's innumerable contributions to these fields and our community, We will host the Memorial Symposium on November 10, 2014. The Symposium is organized by Professors Chih-Ming Ho, Gwo-Bin Lee, Chin-Hsiang Cheng, Wen Jung Li, Da-Jeng Yao and many of Fei-Bin's friends and will consist of a series of sessions, including paper presentations and discussion.

Organizing Committee:

Chih-Ming Ho (UCLA)

Gwo-Bin Lee (NTHU)

Chin-Hsiang Cheng (NCKU)

Wen Jung Li (The City University of Hong Kong)

Da-Jeng Yao (NTHU)

For more information about the Symposium, please contact:

Gwo-Bin "Vincent" Lee, Distinguished Professor

Department of Power Mechanical Engineering

Institute of Biomedical Engineering

Institute of NanoEngineering and Microsystems

National Tsing Hua University, Taiwan
